Subject: RE: USS Lead - Zone 2 - City of East Chicago Properties

Hi Carla,

I just wanted to follow up on a couple of the properties identified below. I think you stated on the 5/12/17 MACT conference call that the City of East Chicago Department of Redevelopment was holding their board meeting last week (Tuesday 5/16?). If so, have they approved our access to complete soil removal activities at [Personal Address / Ex. 6] and

[Personal Address / Ex. 6]

I also wanted to add another property to the below list. I am unsure if it is City of East Chicago property or City of East Chicago Department of Redevelopment property. The address is [Personal Address / Ex. 6] When I called the owner listed in our database, he stated to me that he no longer owns the property and that the City is now the owner.

Thx
 Dan

Carla,
 We're planning on addressing these properties this construction season but we still need consent/access from the City. Can you point me in the right direction to get this moving.

Subject: USS Lead - Zone 2 - City of East Chicago Properties

Jaime,

Below is a list of City of East Chicago properties in Zone 2 that are on our priority list for this construction season. Where I have information regarding the specific City Department, it is provided. All of these properties are on our list as lead is present above 1,200 ppm in the top 6 inches of soil.

We are currently conducting excavation along McCook Ave, and I would like to get started on the McCook Ave property listed below within the next week if possible.

- 1)
- 2) **Personal Address / Ex. 6**

3)
4)
5)
6)
7)

Personal Address / Ex. 6

Thx,
Dan
